

East Side **Youth Guide**

Opportunities for Payne Phalen & Dayton's Bluff Youth

SUMMER
2008

Dear East Side Parents & Youth,

This guide provides a sample of the many youth programs and summer opportunities available to young people in the Payne Phalen and Dayton's Bluff neighborhoods. This is our second guide designed to connect youth and families with positive, fun places to be when they are not in school. This guide is created by the *East Side Learning Collaborative*, a collaborative of community based organizations, city departments, schools, and most importantly – East Side neighbors – who work together to ensure that the East Side is home to exciting, engaging and relevant opportunities for youth. This is our Summer East Side Youth Guide and we hope that it gets better and better with each edition!

We hope you'll use this guide to connect your child with the summer opportunities that are right for them. If you're a young person, we hope you'll use this guide to get involved in the youth programs in your neighborhood. This guide includes a wide range of programs. They will vary in space availability and registration deadlines. Hopefully all East Side youth will find an opportunity for learning, community involvement, and friendship!

Disclaimer: The inclusion of programs in this guide does not constitute endorsement of that program by the City of Saint Paul or any partner organizations. Omission of a program does not constitute disapproval. The City of Saint Paul, Saint Paul Public Schools, and the East Side Learning Collaborative are not responsible for any program changes that individual organizations make. Please contact the organization to confirm program information.

All publicly funded agencies involved are committed to equal opportunity education, service and employment.

Join us for a stage adaptation of the famous book "The Lord of the Flies." There is no registration for this program instead you must audition to get in. This production is an all boy cast but there are many great opportunities for girls to work behind the scene. "The Lord of the Flies" is about a plane crashes on a deserted island and the only survivors are a group of school boys. They live in a land

of bright exotic birds and dark blue seas, but at night their dreams are inhabited by a terrifying beast. Before long this well behaved group has turned into a bloodthirsty and murderous

tribe. Because of the demand for more serious subject matter for our Young artists, this year we introduce our first ever Teen Show. Combining the text with local experts and discussion, we will look at the way society's standards imprint growing boys. Parental discretion is advised. TO AUDITION please prepare a 30 second monologue, which is a one person speech from a play. These can be found on the internet, from monologue books or from plays.
